Your Excellency,

It's my great honor and privilege to invite your Excellency to the **World Information and Communications Summit 2012 (WICS 2012)**, to be held in Seoul, Korea on May 15, 2012.

The WICS is an annual event held in Korea since 2005, and it serves as a meaningful platform where Ministers from across the globe come together to discuss their vision and policies for the future of broadcasting and telecommunications. In 2011, we had the pleasure of welcoming 20 some Ministers and we mean to carry on this tradition.

Held under the theme of "**New Economy in Connected Society**," this year's Summit expects to feature special keynote presentations and discussions of participating Ministers in order to address the challenges and tasks we face in spurring new economic growth in the Internet era.

During this period, the **Korea Communications Conference 2012** will also be held under the theme of "**Revolution and Evolution of SMART**," and we expect a number of key industry leaders, academics and experts from international organizations to attend. This is also in conjunction with the **World IT Show 2012**, where participants can experience cutting-edge ICT products and services of global ICT companies.

Each participating Minister will be provided with round-trip airfare and accommodation. Moreover, we plan to offer opportunities for those participants who wish to visit Korea's major ICT companies as well as the **International Exposition Yeosu Korea 2012** (Expo 2012 Yeosu Korea, May 12-Aug 12).

I sincerely hope that your Excellency will honor us with your presence, and please consult the related letters hereby attached for your participation. For planning purposes, please R.S.V.P. via email or fax to the WICS Secretariat no later than March 31, 2012.

Thank you.

Yours sincerely,

Dear Mr. Minister,

I have the honour to refer to my letter dated 8 November 2010, inviting you to participate in a meeting, under my chairmanship, to be convened at the International Civil Aviation Organization (ICAO) European and North Atlantic Regional Office in Paris at 1000 hours on Monday, 13 December 2010. I firmly believe that a meeting between you, myself and Dr. Erato Kozakou-Marcoullis, Minister of Communications and Works, Republic of Cyprus, is a critical step toward improving safety of international civil aviation in the northern part of the Nicosia flight information region.

I wish to reiterate ICAO's preparedness to assist in finding a solution to the ongoing situation between Cyprus and Turkey with regards to provision of air navigation services, and in this respect I have a number of proposals I would appreciate the opportunity to bring to your attention. These proposals, in my view, can improve safety within and proximate to the affected airspace.

Mr. Minister, it is with some urgency that I now request a response to the invitation. Dr. Erato Kozakou-Marcoullis has responded positively to the invitation and will be in attendance. Further administrative arrangements, however, need to be made, and it is with this in mind I ask that you respond by 6 December 2010. If no reply has been received I will assume your non-attendance.

Please accept, Mr. Minister, the assurances of my highest consideration.
